Quick Guide to Using the Activity Task Manager App

1.Open the App:

Launch the app on your Android device.

2.Add a Task:

Tap "Add Task" to open the Add Task screen.

Enter the task name.

Tap "Set Date" to choose the task date.

Tap "Set Time" to choose the task time.

Tap "Save Task" to save.

3.View Tasks:

On the main screen, scroll to see tasks listed with their names and times.

4.Task Notifications:

When a task's time arrives, the app will play a ringtone and show a toast notification.

The ringtone will automatically stop after a few seconds.

5.Task List:

Tap "View Tasks" to see a list of all tasks with their names and scheduled times.

For Troubleshooting

No Notifications: Check device volume and app permissions.

App Crashes: Restart the app or check for updates.
